Product description

A full rich wine from the heart of Spain. With great care and the latest technology the grapes are transformed into this wonderful wine.

Area of Production: Mediterranean area, at an altitude between 250 and 1000 meters. The climate is warm with a strong influence from the Mediterranean Sea. For centuries vines have been grown on the chalky, clay soils which, in combination with long hours of sunshine, produce fruity wines that are well structured with ripe tannins.

Winemaking: Vinified by cold maceration in a pneumatic press for 8 hours. Fermentation takes place in stainless steels tanks at 16°C using selected yeasts during 21 days.

Colour: Pale yellow with green tinges.

Aroma: Fresh, ripe fruit with pronounced tropical fruit aromas.

Taste: Fresh, elegant with good weight of fruit and balanced acidity.
